

# Who we are, in a nutshell...

**HUSSSH**<sup>TM</sup>

At Husssh we design Cosmeceuticals created to treat cosmetic and health related issues that no body usually want's to talk about.

**Our products target health-related problems nobody wants to talk about or admit to, typically labelled as 'taboo'.**

We were established in 2023 to try and tackle the issues these problems present, and to break down the stigma associated with them.

Our products have been designed and manufactured to provide solutions to specific health and wellbeing issues that actually work.
